

# Contactless Conductivity / Sheet Resistance Probe

## 非接触方块电阻测试系统

LEI88 focus on the measurement in academy, non-destructive ,fast, accurate measurements of sheet conductance / sheet resistance.

LEI88 是针对科研类客户开发的产品，具备非接触快速测试方块电阻和电导率功能。

### Capability:

- Non-destructive 非破坏
- Sheet conductance/Sheet resistance 方块电阻/电导率测试
- Ideal for Universities and Research Institutes 适合科研应用
